Driving technological innovation and operational efficiency, aiming to capture a larger pie in the global shifts toward a greener maritime value chain.

CHAIRMAN'S STATEMENT

DEAR SHAREHOLDERS,

GROWTH AND INNOVATION IN A TRANSFORMING INDUSTRY

FY2024 was yet another excellent year for Yangzijiang Shipbuilding, that showcases our resilience, innovation, and commitment to excellence amidst an evolving global landscape. With continued industry growth and heightened demand for clean energy vessels, we capitalised on our strong execution capabilities, achieving record-breaking new order wins and financial results. Our shipyards operated at full capacity, setting new benchmarks in operational excellence and reinforcing our position as one of the world's leading shipbuilders.

DELIVERING RECORD PERFORMANCE

In FY2024, we secured an unprecedented USD14.6 billion in new orders, driven primarily by robust demand for dual-fuel containerships, oil tankers, and gas carriers, reflecting the shipping industry's increasing commitment to decarbonisation. As a result, our total outstanding orderbook surged to an all-time high of USD24.4 billion, representing a 68% increase from the previous year and offering strong earnings visibility through 2028.

Revenue for the year reached a record RMB26.5 billion, marking a 10.1% year-on-year growth, fuelled by stronger shipbuilding revenue, primarily supported by higher newbuild prices, and stronger shipping revenue, supported by fleet expansion and improved charter

CHAIRMAN'S STATEMENT

rates. Gross profit rose impressively by 40.6% to RMB7.6 billion, with margins improving by 6.3 percentage points to 28.7%, reflecting higher vessel prices, a favorable exchange rate, and lower raw material costs. Our joint venture, Yangzi-Mitsui Shipbuilding Co., Ltd. ("YAMIC"), made significant contributions in FY2024, with earnings more than doubling year-on-year to RMB559.0 million. This growth was underpinned by the successful strategic shift of YAMIC toward building higher-end gas carriers that yield better profitability.

STRENGTHENING OUR MARKET LEADERSHIP AMID INDUSTRY SHIFTS

The global shipbuilding industry witnessed steady growth in 2024, although some shipowners recently exhibited caution amid concerns about oversupply and geopolitical uncertainties, including the US's Section 301 investigation into China's maritime sector. Despite

these challenges, the industry's long-term outlook remains strong, supported by regulatory initiatives promoting greener and more efficient vessels. The International Maritime Organization ("IMO") has proposed new greenhouse gas reduction regulations, anticipated for adoption in 2025, aimed at accelerating the industry's transition to cleaner energy solutions.

In response, we have continued to invest in future-ready shipbuilding capabilities. Our capacity expansion initiative, Project Hongyuan, adjacent to Xinfu Yard, has commenced construction following final approvals from local authorities. This new facility, with an expected capital expenditure ("CAPEX") of approximately RMB3 billion, will feature state-of-the-art infrastructure designed for high-value vessels, including dual-fuel ships and high-end gas carriers. Construction is scheduled for completion for late 2026, with the first vessel delivery expected in 2027.

CHAIRMAN'S STATEMENT

I'm also pleased to update shareholders that our LNG terminal project is progressing well, reinforcing our commitment to sustainable maritime solutions. This project, with an expected capital expenditure of RMB2 billion, aligns with our long-term strategy to integrate into the LNG supply chain and support China's broader energy transition.

NAVIGATING THE SHIPPING MARKET

The shipping industry experienced notable volatility in FY2024, with the Baltic Exchange Dry Index ("BDI") fluctuating significantly due to geopolitical disruptions and shifts in global trade. Despite these challenges, our disciplined approach to chartering and fleet

management enabled us to maintain stability and resilience in the segment. Our strategy focuses on securing 6-36 months charter contracts for a portion of our fleet at favourable rates during market upcycles, ensuring a balanced approach to market risks while preserving operational flexibility.

COMMITMENT TO SHAREHOLDER RETURNS

Our strong financial performance has enabled us to enhance returns to our shareholders. For FY2024, we are pleased to propose a total dividend of 12 Singapore cents per share, an 84.6% increase from FY2023. This represents a 38.6%¹ payout ratio and a 4.0%² dividend yield, consistent with our long-standing policy of distributing 30-40% of net profit to shareholders.

¹ Calculated based on CNY/SGD of 5.3959 as of 21 February 2025.

² Calculated based on share price of S\$2.99 as of 31 December 2024.

CHAIRMAN'S STATEMENT

APPRECIATION AND OUTLOOK

On behalf of the Board, I extend my deepest gratitude to our employees, customers, business partners, and shareholders for their unwavering support. Our team's dedication, expertise, and adaptability have been instrumental in achieving another record-breaking year.

As we move into FY2025, we remain committed to enhancing our competitive edge, driving innovation in clean energy vessel solutions, and delivering sustainable value for all stakeholders. With a robust orderbook, expanded capacity, and a clear strategic vision, Yangzijiang Shipbuilding is well-positioned for continued success in the evolving maritime landscape.

Aiming to become a responsible corporate citizen, creating long-term sustainable value for stakeholders.

Underpinned by strong newbuild demand from maritime decarbonisation and fleet renewal, Yangzijiang Shipbuilding delivered another outstanding performance for FY2024, achieving record-high revenue and profitability.

Notably, over 85% of vessels delivered in FY2024 already complied with the International Maritime Organisation's ("IMO") latest Energy Efficiency Design Index Phase 3 ("EEDI 3") standards, well ahead of the 2025 enforcement for most ship types. This reinforces the Group's leadership in green shipbuilding and its ability to meet evolving regulatory requirements.

In FY2024, the Group secured total new order-wins of USD14.6 billion, exceeding its annual target of USD4.5 billion more than threefold. Among these new order-wins, approximately 82% in terms of contract

infrastructure, enhancing productivity and operational efficiency.

Furthermore, in FY2024, the Group repositioned its joint venture company, YAMIC yard, to focus on constructing

OUTLOOK AND STRATEGY

Despite the short-term headwinds from the U.S. Section 301 investigation into China's maritime, logistics, and shipbuilding industries, the Group remains confident in the industry's long-term prospects, driven by the ongoing maritime decarbonisation and the growing demand to replace aging vessels with more fuel-efficient ones.

The shipping market is expected to continue to fluctuate in the near term, primarily due to heightened geopolitical uncertainties, intense trade conflicts, and

CORPORATE GOVERNANCE REPORT

Yangzijiang Shipbuilding (Holdings) Ltd. (the “**Company**” and together with its subsidiaries, the “**Group**”) is committed to achieving and maintaining high standards of corporate governance, in all activities undertaken by the Group. The Group’s corporate governance practices and processes are guided by the principles and provisions of the Code of Corporate Governance 2018 (the “**Code**”) and relevant sections of the Listing Manual (“**Listing Manual**”) of the Singapore Exchange Securities Trading Limited (“**SGX-ST**”).

This report sets out the Group’s corporate governance practices in the financial year ended 31 December 2024 (“**FY2024**”), and which are benchmarked against the Code. The Company has complied with the principles and substantially with the provisions of the Code. Where there are deviations from the provisions of the Code, appropriate explanations are provided in this report.

BOARD MATTERS

The Board’s Conduct of Affairs

Principle 1: The company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the company.

Role of the Board (Provisions 1.1 & 1.2)

The Board has the overall responsibility to oversee the strategic direction, performance and affairs of the Group and provides overall guidance to the management of the Company (“**Management**”). Besides its statutory responsibilities, the Board’s principal duties include:

- (a) providing entrepreneurial leadership, setting the strategic directions and the long-term goals of the Group and ensuring that adequate resources are available to meet these objectives;
- (b) constructively challenge Management and review its performance;
- (c) ensuring the adequacy of internal controls, risk management, financial reporting and compliance;
- (d) assumption of corporate governance responsibilities;
- (e) assessment of Management’s performance;
- (f) considering sustainability issues including environmental and social factors in the Group’s strategic formulation; and
- (g) ensuring transparency and accountability to key stakeholder groups.

Directors are fiduciaries of the Company and are collectively and individually always obliged to act objectively in the best interests of the Company. The Board of Directors (the “**Board**”) has put in a place a code of conduct and ethics to set the appropriate tone from the top for the Group in respect of ethics, values and organizational culture, and ensure proper accountability within the Group. Pursuant to the code of conduct and ethics, when faced with conflicts of interests, the Directors shall recuse themselves from discussions and decisions involving issues of conflict.

Currently, the Company does not have a formal training programme for new Director(s). However, the Board ensures that incoming new Director(s) are given comprehensive and tailored induction on joining the Board including onsite visits, if necessary, to get familiarised with the business of the Group and corporate governance practices upon their appointment and to facilitate the effectiveness in discharging their duties. Newly appointed Director(s) will be provided a formal letter setting out their duties and obligations. They will be given briefings by Management on the business activities of the Group and its strategic directions as well as its corporate governance practices. The newly appointed Directors who have no prior experience as a director of a listed company in Singapore must undergo mandatory training in his/her roles and responsibilities as prescribed by the SGX-ST.

Following their appointment, Directors are provided with opportunities for continuing education in areas such as directors' duties and responsibilities and changes to regulations, risk management and accounting standards. The objective is to enable them to be updated on matters that affect or go towards enhancing their performance as Directors or Board Committee members. Directors may also contribute by recommending suitable training and development programmes to the Board.

In addition, all Directors have completed the Environmental, Social and Governance Essentials course conducted by Singapore Institute of Directors.

Board Approval (Provision 1.3)

Matters requiring the Board's approval include the following:

- (a) the Group policies, strategies and objectives;
- (b) annual budgets;
- (c) annual and interim financial statements;
- (d) all announcements of the Company;
- (e) appointment of Directors and key management personnel;
- (f) hedging policies;
- (g) interim dividends and other returns to Shareholders;
- (h) share or bond issuances;
- (i) annual report and sustainability reports;
- (j) major investments or divestments;
- (k) material acquisitions or disposals of assets; and
- (l) remuneration policy and framework for key management personnel.

Matters requiring the Board's approval have been clearly communicated to Management in writing. Save for Board and/or Board Committee (as defined below) meetings, the Board approvals are also obtained through the circulation of Directors' Resolutions in Writing.

Delegation by the Board (Provision 1.4)

The Board has delegated specific responsibilities to the committees of the Board, namely, the Nominating Committee (the "**NC**"), the Remuneration Committee (the "**RC**"), the Audit and Risk Committee (the "**ARC**") (collectively, the "**Board Committees**") to assist the Board in carrying out and discharging its duties and responsibilities efficiently and effectively, and reporting back to the Board. Each Board Committee has its own specific Terms of Reference ("**TOR**") which clearly sets out the composition, duties, authority and responsibilities of such Board Committee, qualifications for membership in such Board Committee, and procedures governing the manner in which such Board Committee operates and makes decisions.

CORPORATE GOVERNANCE REPORT

Board and Board Committee Meetings (Provision 1.5)

The Board meets on a regular basis to approve, among others, announcements of the Group's half and full year financial results. Additional meetings are also convened to discuss and deliberate on urgent substantive matters or issues when circumstances require. Directors with multiple board representations ensure that sufficient time and attention are given to the affairs of the Company. Board and Board Committees meetings as well as the annual general meeting ("**AGM**") are scheduled in advance in consultation with the Board.

The Company's Constitution provides for meetings to be held via telephone conference or other methods of simultaneous communication by electronic or telegraphic means in the event when Directors were unable to attend meetings in person. Management has access to the Directors for guidance or exchange of views outside of the formal environment of the Board meetings.

The number of meetings of Board and Board Committees, as well as the Annual General Meeting held during FY2024 and the attendance of each Director at those meetings are set out as follows:

Name of Directors	Board of Directors		Audit and Risk Committee		Nominating Committee		Remuneration Committee		Annual General Meeting

(1) Mr Chen Timothy Teck Leng retired as the Lead Independent Non-Executive Director, Chairman of ARC, a member of NC and RC on 25 April 2024.

(2) Mr Yee Kee Shian, Leon was re-designated as the Lead Independent Non-Executive Director and relinquished his role as the Chairman of RC on 25 April 2024.

(3) Mr Poh Boon Hu Raymond was appointed as the Chairman of RC effective on 25 April 2024.

(4) Mr Yee Chia Hsing was appointed as an Independent Non-Executive Director, Chairman of ARC and a member of NC and RC on 25 April 2024.

Access to Information (Provision 1.6)

The Directors also have the opportunity to visit the Group's operational facilities and meet with Management to obtain a better understanding of the business operations. Below are some of the updates that have been provided to the Directors in FY2024:

- the external auditors, PricewaterhouseCoopers LLP, has briefed the ARC members on the latest developments in accounting and corporate governance standards at their attendance in the ARC meetings;
- information on the new audit quality indicators framework;
- Executive Chairman and Chief Executive Officer (“**CEO**”) has updated the Board at each Board meeting on the business outlook of shipbuilding industry and the direction of the Group; and
- Chief Financial Officer (“**CFO**”) has also updated the Board at each Board meetings on each segmental business operation and development of the Group.

Management recognises the importance of ensuring the flow of complete, adequate and timely information to the Directors on an ongoing basis to enable them to make informed decisions to discharge their duties and responsibilities. Board and Board Committee papers are generally issued to members prior to the meeting. The papers are distributed to the Directors prior to the meetings with sufficient time to enable them to obtain further explanations, where necessary, in order to be briefed properly and prepare for the meetings. Any additional material or information requested by the Directors is promptly furnished.

Management's proposals to the Board for approval to provide background and explanatory information such as facts, resources needed, risk analysis and mitigation strategies, financial impact, expected outcomes, conclusions and recommendations. Employees who can provide additional insight into matters to be discussed will be present at the relevant time during the Board and Board Committees meetings. In order to keep Directors abreast of the Group's operations, the Directors are also updated on initiatives and developments on the Group's business as soon as practicable and/or possible and on an on-going basis.

Access to Management, Company Secretary and Advisers (Provision 1.7)

All Directors have access to the Company's senior management, including CEO, CFO and other key management, as well as the Group's internal and external auditors at all times.

To facilitate direct access to Management, Directors are also provided with the names and contact details of the management team. The Directors also have separate and independent access to the Company Secretary through e-mail, telephone and face-to-face meetings. The Company Secretary is responsible for, among other things, ensuring that the Board's procedures are observed and the Company's Constitution, relevant rules and regulations, including requirements of the Securities and Futures Act 2001, Companies Act 1967 and the Listing Manual are complied with.

The Company Secretary and/or their representative attend all Board meetings and Board Committees meetings and records the proceedings and decisions of the Board and of the Board Committees. The Company Secretary ensures that the corporate secretarial aspects of procedures concerning the Board are duly complied. The appointment and the removal of the Company Secretary are subject to the Board's approval.

The Directors, whether as a full Board or in their individual capacity may seek independent professional advice in the furtherance of their duties from time to time. The cost of such professional advice will be borne by the Company. There was no such requirement during the year under review.

Board Composition and Guidance

During the FY2024, the Independent Directors and their immediate family members have no relationship with the Company, its related corporations, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the Independent Directors' independent business judgment with a view to the best interests of the Company.

Board Composition (Provision 2.4)

In FY2024, the Board comprises of five (5) Directors, comprises one (1) Executive Director, four (4) Non-Executive Directors with three (3) of them are independent. The members of the Board and their membership on the Board Committees of the Company are as follows:–

(3) Mr Poh Boon Hu Raymond was appointed as the Chairman of RC effective on 25 April 2024.

(4) Mr Yee Chia Hsing was appointed as an Independent Non-Executive Director, Chairman of ARC and a member of NC and RC on 25 April 2024.

The Directors bring with them a broad range of business and financial experience, skills and expertise in law, finance, industry, business and management and general corporate matters. Their profiles are set out on pages 14 to 15 of this Annual Report.

The NC is of the view that the present Board size of five is appropriate for the Group's present scope of operations to facilitate quality decision making and the Board has an adequate mix of competency to discharge its duties and responsibilities. Further, no individual or small group of individuals dominates the Board's decision-making process.

Since FY2022, the Company has put in place a Board Diversification Policy which sets out the Company's policy, objectives and targets pertaining to diversity on the Board. The NC is responsible for setting and continually reviewing the Board Diversity Policy, as appropriate, to ensure its effectiveness, and will recommend appropriate revisions to the Board for consideration and approval. The Company prioritizes diversity in experience, encompassing professional, industry, cultural, and social backgrounds, regardless of gender.

The diversity plans and timelines since the adoption of the Board Diversification Policy are set out below:

(a) Objectives and Targets:

Our Board Diversification Policy is a testament to our dedication to promoting diversity within our board. This policy sets clear objectives, which include:

- i. To promote diversity, including but not limited to, diversity in terms of gender, skills, and experience on the board.
- ii. To create a board composition that reflects the diversity of our workforce and stakeholders.
- iii. To foster an inclusive environment where all board members feel valued and can contribute to the Company's growth.

In line with these objectives, we have set specific targets for our board composition. These targets include gender diversity (100%) and diversity in terms of skills and experience (100%).

ii. Diversity of Skills and Backgrounds:

In addition to gender diversity, we have taken substantial steps to ensure diversity in skills and backgrounds among our directors. The Board now comprises members from a wide array of industries and professional backgrounds. This diversification of skills and experiences has enhanced our decision-making processes, bringing in fresh perspectives and innovative thinking.

Furthermore, in February 2023, we proudly welcomed a new director Mr Poh Boon Hu Raymond to our board who brings an impressive background in banking industry and capital markets. This strategic appointment exemplifies our commitment to enhancing the diversity of skills and backgrounds on our board, ensuring that our governance structure remains well-rounded and well-equipped to address the ever-changing challenges of our industry and capitalize on emerging opportunities. The board's skills matrix has been continuously assessed and updated to align with our evolving needs and diversity goals.

In the same spirit, we appointed Mr. Yee Chia Hsing ("**Mr Yee**") as an Independent Director on 25 April 2024. A First-Class Honours graduate in Accountancy from Nanyang Technological University Singapore, Mr. Yee has over 20 years of experience in banking, finance, and corporate management. He has held leadership roles in SGX-listed companies, including as Executive Director/CEO of a listed company with hospitality assets.

Mr. Yee also serves as an Independent Director on several boards, including Beng Kuang Marine Limited, Hiap Tong Corporation Ltd, Union Gas Holdings Ltd, and Zhongmin Baihui Retail Group Ltd. He is a Member of the Audit Committee at Ren Ci Hospital and previously served as a Member of Parliament for Chua Chu Kang GRC (Nanyang division) from 2015 to 2020. His expertise further strengthens our board, reinforcing our focus on strong governance and sustainable growth.

The combination of these achievements has not only made our board more representative of our organization's values but also strengthened our governance structure. The diversity of skills and backgrounds among our Directors has led to more informed and well-rounded decisions and ultimately serving the needs and plans of our Company.

Non-Executive Directors meet regularly without the presence of Management (Provision 2.5)

The Non-Executive Directors communicated without the presence of Management as and when the need arose. The Chairman of such meetings provides feedback to the Board and/or Executive Chairman as appropriate.

FY2024, the Non-Executive Directors have met more than once in the absence of Management.

Chairman and Chief Executive Officer

Principle 3: There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision-making.

Roles of the Executive Chairman and Chief Executive Officer (Provisions 3.1 and 3.2)

Currently, Mr Ren Letian is both the Executive Chairman and CEO of the Company. The Board is of the view that the discharge of responsibilities in the two roles by Mr Ren Letian will not be compromised. Through the establishment of various Board Committees chaired by the Independent Non-Executive Directors and putting in place internal controls for proper accountability and effective oversight by the Board of the Company's business, the Board ensures that there is an appropriate balance of power, increased accountability, and greater capacity of the Board for independent decision making. Accordingly, the Board believes that there is no need for the role of Executive Chairman and CEO to be separated.

Within the Group, there had always been a clear succession plan in place to ensure a smooth transition and handover of corporate leadership. The Board will continue to review the succession plan, in particular, the CEO position, at an appropriate time.

The division of responsibilities between the Executive Chairman and CEO are also clearly established in the

Lead Independent Director (Provision 3.3)

As the Executive Chairman and CEO is the same person, Mr Yee Kee Shian, Leon is appointed as the Lead Independent Non-Executive Director of the Company and is available to Shareholders where they have concerns or issues which communication with the Executive Chairman and CEO and/or CFO has failed to resolve or where such communication is inappropriate. Mr Yee Kee Shian, Leon will also take the lead in ensuring compliance with the Code.

Led by the Lead Independent Non-Executive Director, the Independent Non-Executive Directors meet periodically without the presence of the other Directors, and the Lead Independent Non-Executive Director will provide feedback to the Executive Chairman and CEO after such meetings as appropriate.

Board Membership

Principle 4: The Board has a formal and transparent process for the appointment and re-appointment of director. 6 (s)0:a11 ()T

Process for the selection, appointment and re-appointment of Directors (Provision 4.3)

The NC has in place a formal process for the selection of new Directors and re-appointment of Directors to increase transparency of the nominating process in identifying and evaluating nominees or candidates for appointment or re-appointment. In selecting potential new Directors, the NC will seek to identify the competencies and expertise required to enable the Board to fulfil its responsibilities. The NC will evaluate the suitability of the nominee or candidate based on his/her qualifications, business and related experience, commitment, ability to contribute to the Board process and such other qualities and attributes that may be required by the Board, before making its recommendation to the Board. In recommending a candidate for re-appointment to the Board, the NC considers, amongst other things, his/her contributions to the Board (including attendance and participation at meetings, time and effort accorded to the Company's or Group's business and affairs) and his/her independence. The Board is to ensure that the selected candidate is aware of the expectations and the level of commitment required. The Board, on the recommendation of the NC, appoints new Directors.

Pursuant to the Company's Constitution, one-third of the Directors for the time being including the Managing Director (or the equivalent), shall retire from office at least once every 3 years at each AGM. The Board, at the recommendation of the NC, has nominated Mr Yee Chia Hsing and Mr Poh Boon Hu Raymond, who will retire by rotation at the forthcoming 19th AGM, for re-election by the Company's Shareholders.

Determination of Independence of a Director (Provision 4.4)

As set out above, the NC has reviewed the independence of the Directors as mentioned under Provision 2.1 of the

The Board provides for the appointment of alternate directors when any of the Directors think fit. The Board will take into consideration the same criteria for selection of Directors such as his/her qualifications, mix skills sets and competencies.

Directors' Ability to Commit Time and Key Information on Directors (Provision 4.5)

Key information of each director's academic, professional qualifications and other principal commitments can be found on pages 14 and 15 of the “**Board of Directors**” section of this Annual Report.

CORPORATE GOVERNANCE REPORT

Board Performance

Principle 5: The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its board committees and individual directors.

Performance Criteria and Assessment Criteria (Provisions 5.1 & 5.2)

The NC has in place a framework for the evaluation of the Board, the Board Committees, and individual members of the Board to assess their effectiveness. The evaluation is carried out annually by means of a questionnaire relating to the size and composition of the Board, information flow to the Board, Board procedures and accountability, matters concerning CEO/key management personnel and standards of conduct of Board members being completed by each individual Director. Completed questionnaires are collated by the Company Secretary and the findings presented to the NC for discussion with comparatives from the previous year's results. Based on the findings, the NC and the Board are generally satisfied as to the effectiveness of the Board as a whole, each Board Committee, and the contribution by each Director. The NC highlighted certain areas for improvement and the Board has agreed to implement measures to address them.

The Board has not engaged any external facilitator in conducting the assessment of the Board's performance in FY2024.

REMUNERATION MATTERS

Procedures for Developing Remuneration Policies

Principle 6: The Board has a formal and transparent procedure for developing policies on director and executive remuneration, and for fixing the remuneration packages of individual directors and key management personnel. No director is involved in deciding his or her own remuneration.

RC Composition and Role (Provisions 6.1, 6.2 & 6.3)

The RC currently consists of three (3) Independent Non-Executive Directors and one (1) Non-Independent Non-Executive Director, the majority of whom, including the RC Chairman, are independent:

Mr Poh Boon Hu Raymond, Chairman	(Independent Non-Executive Director)
Mr Yee Kee Shian, Leon	(Lead Independent Non-Executive Director)
Ms Liu Hua	(Non-Independent Non-Executive Director)
Mr Yee Chia Hsing	(Independent Non-Executive Director)

The RC will meet at least once a year. During FY2024, the RC held once scheduled meeting with full attendance. The RC carries out its duties in accordance with a set of terms of reference which includes mainly, the following:

- reviewing and recommending to the Board for endorsement, a framework of remuneration policies to determine the specific remuneration packages for each Director and key management personnel, including employees related to the Executive Directors and controlling shareholders. The framework covers all aspect of remuneration, including but not limited to Director's fees, salaries, allrg (e)0.5 (w)0.0.0.0.0.0.0.0a26 Tc 0.058 Trg shareholder

- reviewing and determining the contents of any service contracts for any Director; and
- carrying out other duties as may be agreed by the RC and the Board, subject always to any regulations or restrictions that may be imposed upon the RC by the Board of Directors from time to time.

The RC is responsible for ensuring a formal and transparent procedure is in place for fixing the remuneration packages of individual Directors and key management personnel. All aspects of remuneration frameworks, including but not limited to directors' fees, salaries, allowances, bonuses and other benefits-in-kind are reviewed by the RC. The recommendations of the RC are submitted for endorsement by the Board. Such frameworks are reviewed periodically to ensure that the Directors and key management personnel are adequately but not excessively remunerated as compared to industry benchmarks and other comparable companies.

Remuneration Consultants (Provisions 6.4)

The RC may from time to time seek advice on the remuneration of all Directors from external remuneration consultants whose independence and objectivity are not affected by any existing relationships with the Company. The Company did not appoint an external remuneration consultant during FY2024.

Level and Mix of Remuneration

Principle 7: The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the company, taking into account the strategic objectives of the company.

Remuneration of Directors and KMPs (Provisions 7.1, 7.2 & 7.3)

The remuneration of the Executive Directors and key management personnel has been formulated to attract, retain

Disclosure on Remuneration

Principle 8: The company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

Disclosure of Remuneration (Provisions 8.1 & 8.3)

Details of the remuneration of Directors and top five (5) key management personnel of the Group for FY2024 are set out below:

Name of Directors	Designation	Fees ⁽²⁾ (S\$)	Salary ⁽¹⁾ (S\$)	Variable Bonus & Cash-based Incentives (S\$)	Total (S\$)

Except for Mr Ren Letian, the remuneration of each of the above top five (5) key management personnel did not exceed S\$250,000. In aggregate, the total remuneration (including CPF contribution thereon and bonus) paid to the top 6 key management personnel in FY2024 was approximately S\$1,818,290. The aggregate remuneration (including contributions to defined contribution plans thereon and bonus) paid to Mr Ren Letian amounted to approximately S\$1,120,944.

Remuneration of Immediate Family Members of a Director, CEO or Substantial Shareholder (Provision 8.2)

During FY2024, the following immediate family member of a Director, CEO or Substantial Shareholder was the employee of the Group:

Name of employee who is the immediate family member	Family relationship
Ren Letian	Son of Ren Yuanlin, the Honorary Chairman and the substantial shareholder of the Company

The aggregate remuneration (including contributions to define contribution plans thereon and bonus) paid to Mr Ren Letian amounted to approximately S\$1,120,944.

Save as disclosed above, the Group does not have any other employee who is an immediate family member of a Director, CEO or Substantial Shareholder and whose remuneration exceeded S\$100,000 during the financial year.

The Company does not adopt any Employee Share Options or Share Schemes.

ACCOUNTABILITY AND AUDIT

Risk Management and Internal Controls

Principle 9: The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the company and its shareholders.

Oversight of Risk Management (Provision 9.1)

The Board is responsible for the overall risk management and internal control framework of the Group. The Board recognises the importance of balancing risks and rewards to achieve an optimal level of risk that the Group can tolerate in achieving its strategic objectives. To assist the Board, the Board has established the ARC which responsibilities include reviewing the risk profile of the Group and to make recommendations to the Board on risk strategy, risk appetite and risk limits. Further details on the composition of the ARC can be found in Principle 10.

The Group recognises risk management as a collective effort beginning with the individual subsidiaries and business units, followed by the operating segments and ultimately Management and the Board, working as a team. The process

CORPORATE GOVERNANCE REPORT

With regard to sanctions-related risks, the Board and the ARC are responsible for (a) monitoring the Company's risk of becoming subject to, or violating, any sanctions-related law or regulation; and (b) ensuring timely and accurate disclosures to SGX-ST and other relevant authorities. The Board confirms that there has been no material change in its risk of being subject to any sanctions-related law or regulation as at the date of this Annual Report, and if there is any material change this would be immediately announced on SGXNET.

All significant matters are highlighted to the Board and the ARC for further discussion. The Board and the ARC also work with the Internal Audit Team, independent auditors and Management on their recommendations to institute and execute relevant controls with a view to managing such risks.

Assurances from CEO and CFO (Provision 9.2)

The Board notes that no cost-effective system of internal controls could provide absolute assurance against the occurrence of material errors, losses, fraud or other irregularities. In view of the above and based on the internal controls established and maintained by the Group, work performed by the Internal Audit Team, independent auditors, and reviews performed by Management, various Board Committees and the Board, so far, the Board, with the concurrence of the ARC, is of the opinion that the Group's risk management and internal control systems, addressing financial, operational, environmental, compliance, and information technology risks put in place during the financial year were adequate and effective. This is in turn supported by (a) assurance from CEO and the CFO that the financial records of the Company have been properly maintained and the financial statements give a true and fair view of the Company's operations and finances are in accordance with the relevant accounting standards; and (b) the assurance from CEO and other key management personnel who are responsible, regarding the adequacy and effectiveness of risk management and internal control systems.

Audit and Risk Committee

Principle 10: The Board has an Audit and Risk Committee ("ARC") which discharges its duties objectively.

Composition, Power and Duties of the ARC (Provisions 10.1, 10.2, 10.3)

The Board recognises the importance of providing accurate and relevant information on a timely basis. To ensure that the corporate governance is effectively practiced, the Board has established self-regulatory and monitoring mechanisms, including the establishment of the ARC to ensure that the Company maintains a sound system of internal controls to safeguard Shareholders' investments and the Group's assets as well as to manage potential risks. The ARC currently consists of three (3) Independent Non-Executive Directors and one (1) Non-Independent Non-Executive Director, the majority of whom, including the ARC Chairman, are independent:

Mr Yee Chia Hsing, Chairman	(Independent Non-Executive Director)
Mr Yee Kee Shian, Leon	(Lead Independent Non-Executive Director)
Ms Liu Hua	(Non-Independent Non-Executive Director)
Mr Poh Boon Hu Raymond	(Independent Non-Executive Director)

The Board has ensured that all the ARC members, having the necessary accounting and/or related financial management expertise, are appropriately qualified to discharge their responsibilities. None of the ARC members comprise former partners or directors of the Company's existing auditing firm or auditing corporation.

The ARC meets on a quarterly basis and plays a key role in assisting the Board to review significant financial reporting issues and judgments to ensure the quality and integrity of the accounting reports, the audit procedures, internal controls, financial statements and any announcements relating to the Group's financial performance. During FY2024, the ARC held four scheduled meetings with full attendance.

The members of ARC carry out their duties in accordance with a set of terms of reference which includes, mainly, reviewing the following:

- (a) review the significant financial reporting issues and judgements so as to ensure the integrity of the financial statements of the Company and any announcements relating to the Company's financial performance;
- (b) review the periodic consolidated financial statements and any formal announcements relating to the financial performance of the Group before submission to the Board for approval;
- (c) review the Company's key financial risk areas, with a view to providing an independent oversight of the financial reporting of the Group, the outcome of such review to be disclosed in the annual reports or of the findings are material, to be immediately announced via SGXNET;
- (d) receive and review at least quarterly reports from Management on major risk exposures and the steps taken to monitor, control and mitigate such risks;
- (e) review the risk profile of the Group and the appropriate steps to be taken to mitigate and manage risks at acceptable levels determined
- (d)

Following the amendments to Rule 705 of the Listing Manual of SGX-ST, the Company will not be required to carry out quarterly reporting of its financial statements. The Board had agreed to cease to release its financial statements on a quarterly basis to the SGX-ST ("**Quarterly Reporting**") as the Company was not required to do Quarterly Reporting following the amendments to the Listing Manual of the SGX-ST. The Board believed that reporting the financial results of the Group on a half-yearly basis coupled with continuing disclosure requirements under the SGX-ST Listing Manual, will be adequate to keep the market informed of the Company's state of affairs and enables the Company to report its business growth with a longer-term reporting cycle.

The ARC discussed with Management on the accounting treatment and methodology applied as well as the assumptions used in judgmental assessment which might impact the results of financial statements. The external auditors had reviewed the financial statements of the Group and highlighted some key audit matters that might significantly impact the financial statements and were reviewed by ARC.

The ARC has discussed significant financial reporting matters with Management and the external auditors which have been included as key audit matters ("**KAMs**") in the independent auditors' report for FY2024, as set out on pages 60 to 62 of this Annual Report.

In assessing each KAM, the ARC took into consideration the approach and methodology applied by Management in the determination of construction revenue recognition using percentage-of-completion method, provision of foreseeable losses on certain construction contracts and the valuation of assets. The reasonableness of the estimates and key assumptions used were also considered by the ARC. Where necessary, views of subject matter experts such as independent valuers were consulted where necessary.

The ARC also considered the report from the external auditors, including their findings and views on the key areas of audit focus. The ARC concluded that the Group's accounting treatment and estimates in each of the KAMs were appropriate.

The ARC also reviews the independence and objectivity of the independent auditors and having reviewed the scope and value of non-audit services provided to the Group by the independent auditors, PricewaterhouseCoopers LLP, ARC is satisfied that the nature and extent of such services will not prejudice the independence and objectivity of the independent auditors. The ARC's responsibilities over the Group's internal controls and risk management are complemented by the work of the Internal Audit Team. On an annual basis, the ARC reviews the internal audit program of the Group so as to align it to the changing needs and risk profile of the Group's activities. The Group had established its own internal audit team that is independent on the activities of its audits and its primary line of reporting is to the Chairman of the ARC. Administratively, the Internal Audit Team report directly to the CEO. The Internal Audit Team carries out its functions under the direction of the ARC which assists the Board in monitoring and managing risks and internal controls of the Group, and reports its findings and make recommendations to the ARC.

Internal audit (Provision 10.4)

The Internal Audit Team carrying out of its function with reference to the standards set by the Standards for the Professional Practice of Internal Auditing set by the Institute of Internal Auditors. The ARC ensures that Management provides good support to the Internal Audit Team and provides adequate access to documents, records, properties and personnel when requested in order for the Internal Audit Team to carry out its function accordingly. The primary reporting line of the internal audit function is to the ARC and the Internal Audit Team has full access to the Company's documents, records, properties and personnel, including the ARC, and has appropriate standing within the Company. The ARC reviews and endorses the internal audit plan and internal audit reports of the Group. Any material non-compliance or weaknesses in the internal control system and recommendations for improvements are reported to the ARC.

In FY2024, the Company engaged an external professional service firm, Yang Lee & Associates, to perform an agreed scope internal audit, to supplement the activities of the Internal Audit Team.

The internal audit function primarily focusing on whether the current system of internal control provides reasonable assurance on:

- compliance with applicable laws, regulations, policy and procedures;
- reliability and integrity of information; and
- safeguarding of assets.

Meeting with External and Internal Auditors without Management (Provision 10.5)

The ARC has reviewed and is generally satisfied that the Internal Audit Team is independent, adequate resourced and effective.

The ARC will review the adequacy and effectiveness of the internal audit function annually.

The ARC meets with the external auditors and internal auditors, in each case without the presence of Management, at least once a year.

SHAREHOLDER RIGHTS AND ENGAGEMENT

Shareholder Rights and Conduct of General Meetings

Principle 11: The company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the company. The company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

General Meetings (Provision 11.1)

The Company believes that active participation from Shareholders in general meetings will greatly enhance Shareholders' visibility of the Group's operations and performance and will further align Shareholders' interest with the Group's future directions and strategies. To encourage active participation at general meetings, the Company is committed to providing Shareholders with adequate, timely and sufficient information. Information on general meetings is disseminated through notices in the annual reports or circulars sent to all Shareholders. The notices are also released via SGXNET and published in local newspapers, as well as posted on the Company's website. Shareholders may also download the Annual Report from the Company's website and SGXNET.

Conduct of General Meetings (Provisions 11.2, 11.3 & 11.4)

The Company's Constitution allows all Shareholders to appoint proxies to attend general meetings and vote on their behalf. Voting in absentia and by electronic mail may only be possible following careful study to ensure that the integrity of the information and authentication of the identity of shareholder via the internet is not compromised.

Dividend Policy (Provision 11.6)

The Board embraces openness and transparency in the conduct of the Group's affairs, whilst safeguarding its commercial interests. Material information on the Group has been released to the public through the Company's announcements via the SGXNET.

Internal Investor Relations (Provisions 12.2 & 12.3)

The Company does not have an internal investor relations team but has designated personnel, assisted by an external investor relations firm, to handle investor queries and deal with all matters related to investor relations.

Shareholder mandate is not applicable as the aggregate value was less than 3% of Group's NTA as at 31 December 2024.

The Group has adopted an interested person transactions ("IPT") policy on 9 April 2007. Subsequently, the Company revised its IPT policy on 24 December 2024 which sets out the procedures for the identification, approval and monitoring of IPTs, along with maintaining an IPT register. All IPTs are subject to review by the ARC on a timely manner and the transactions are carried out on normal commercial terms and will not be prejudicial to the interests of the Group and its minority Shareholders. The Company did not enter into any IPTs which require Shareholders' approval under SGX-ST Listing Rules regulating IPTs during the financial year ended 31 December 2024.

RISK MANAGEMENT **(Rule 1207(4) of the Listing Manual of SGX-ST)**

Management regularly reviews the Company's business and operational activities to identify areas of significant business risks as well as appropriate measures to control and mitigate these risks. Management reviews all significant control policies and procedures and will highlight all significant matters to the Directors and the ARC.

The ARC assisted the Board to regularly review the Company's risk management process and activities to mitigate and manager risk at an acceptable level as determined by the Board.

Financial risk factors have been described in Note 36 of the Financial Statements.

MATERIAL CONTRACTS **(Rule 1207(8) of the Listing Manual of SGX-ST)**

Save for the service agreement entered into between the Company and the Executive Chairman and CEO and except as disclosed in the Directors' Statements and the Financial Statements and in this Corporate Governance Report, there were no other material contracts of the Company and its subsidiaries involving the interests of the CEO or any director or controlling shareholder, either subsisting at the end of the financial year or if not then subsisting, which were entered into since the end of the previous financial year.

DEALING IN SECURITIES **(Rule 1207(19) of the SGX-ST)**

The Group has a policy for the Directors and employees of the Group which applies the best practices recommended in the Listing Manual. Under the policy, Directors and employees are prohibited from dealing in the Group's securities while in possession of unpublished material price sensitive information. Directors and certain prescribed employees are prohibited from dealing in the Group's securities during the one-month period immediately preceding the announcement of the Company's half-year and full-year financial statements ("blackout period"). An email would be sent to Directors and such prescribed employees prior to the commencement of a blackout period to remind them of their obligation not to dealing in securities during the blackout period. Directors and employees are also discouraged from dealing in securities of the Group on short-term considerations. Save for the foregoing, the Company has complied with the best practices recommended in the Listing Manual in FY2024.

WHISTLE-BLOWING POLICY

The Company has a whistle-blowing policy which encourages all persons, including employees, to raise concerns about any wrongdoings or improprieties, including the breach of any applicable law and policy, within the Group. The policy provides for independent investigation of any reported incidents and appropriate follow-up actions. The policy encourages reporting of such matters by ensuring, to the extent possible, that the identity of the whistle-blower will be kept confidential and that the Company will not tolerate the harassment or victimization of a whistle-blower who reports in good faith.

CORPORATE GOVERNANCE REPORT

The ARC is responsible for the monitoring and oversight of whistle-blowing and whistle-blowing reports are made to the ARC Chairman, save where the report is about the ARC Chairman, in which case the reports are made to the ARC Member. The ARC will be provided with resources to conduct investigations on any report, either by way of the Company designating the appropriate department or engaging, at the Group's expense, independent advisors to assist in the investigation.

The policy and the procedures for making a report are disclosed on the Company's intranet website and made available to all employees. The policy, including the procedures for raising concerns is covered and explained to employees during their onboarding process.

As at the date of this Report, there were no reports received through the whistle-blowing mechanism.

CORPORATE DISCLOSURE

The Company believes that a high level of disclosure is essential to enhance the standard of corporate governance. Hence, the Company is committed to provide a high level of disclosure in all public announcements, press releases and annual reports.

Share options

There were no options granted during the financial year to subscribe for unissued shares of the Company.

No shares have been issued during the financial year by virtue of the exercise of options to take up unissued shares of the Company.

There were no unissued shares of the Company under option at the end of the financial year.

Audit and Risk Committee

The members of the Audit and Risk Committee ("ARC") at the end of the financial year were as follows: (w)0.6 (s)0.5 (: (ws)0.5 (: .

Audit and Risk Committee (Continued)

- (j) review and make recommendations to the Board on the appointment or re-appointment or termination of the external auditors, including approving the remuneration and terms of engagement of the external auditors;
- (k) review with the internal and external auditors, the audit plans, scope of work, their evaluation of the Company's system of internal controls, audit reports, their management letters and the response of the Management, and the results of audits compiled by the internal and external auditors;
- (l) review and discuss with the internal and external auditors, any issues and concerns arising from their audits, any suspected fraud, irregularity or infringement of any relevant laws, rules and regulations, which has or is likely to have a material impact on the Group's financial performance or financial position and the Management's response;
- (m) review with the external auditors the Group's existing financial and accounting policies and practices and the impact of any new or proposed changes in accounting principles or regulatory requirements on the financial statements of the Company and the Group;
- (n) review the co-operation given by the Management to the Company's internal and external auditors;
- (o) review the Group's compliance with such functions and duties as may be required under the relevant statutes, the Code or the Listing Manual, including such amendments made thereto from time to time; and
- (p) review and approve any interested person transactions falling within the scope of Chapter 9 of the Listing Manual ("Interested Person Transactions") and review procedures thereof.

The Audit and Risk Committee, having reviewed all non-audit services provided by the independent auditor to the Group, is satisfied that the nature and extent of such services would not affect the independence of the independent auditor.

The Audit and Risk Committee has recommended to the Board that the independent auditor, PricewaterhouseCoopers LLP, be nominated for re-appointment at the forthcoming Annual General Meeting of the Company.

Independent auditor

The independent auditor, PricewaterhouseCoopers LLP, has expressed its willingness to accept re-appointment.

Report on the Audit of the Financial Statements

Our Opinion

In our opinion, the accompanying consolidated financial statements of Yangzijiang Shipbuilding (Holdings) Ltd. (“the Company”) and its subsidiaries (“the Group”) and the balance sheet of the Company are properly drawn up in accordance with the provisions of the Companies Act 1967 (“the Act”) and Singapore Financial Reporting Standards (International) (“SFRS(I)s”) so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2024 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group for the financial year ended on that date.

What we have audited

The financial statements of the Company and the Group comprise:

- the consolidated statement of comprehensive income of the Group for the financial year ended 31 December 2024;
- the balance sheet of the Group as at 31 December 2024;
- the balance sheet of the Company as at 31 December 2024;
- the consolidated statement of changes in equity of the Group for the financial year then ended;
- the consolidated statement of cash flows of the Group for the financial year then ended; and
- the notes to the financial statements, including material accounting policy information.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing (“SSAs”). Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities (“ACRA Code”) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code.

Our Audit Approach

As part of designing our audit, we determined materiality and assessed the risks of material misstatement in the accompanying financial statements. In particular, we considered where management made subjective judgements; for example, in respect of significant accounting estimates that involved making assumptions and considering future events that are inherently uncertain. As in all of our audits, we also addressed the risk of management override of internal controls, including among other matters consideration of whether there was evidence of bias that represented a risk of material misstatement due to fraud.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements for the financial year ended 31 December 2024. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the key audit matter
1. Shipbuilding contracts <i>Refer to Notes 2.2(a), 3(a), 4, and 30 of the financial statements</i> Shipbuilding revenue amounted to RMB25.216 billion (2023: RMB22.788 billion), representing 95% (2023: 94.5%) of the Group's total revenue for the financial year ended 31 December 2024. Shipbuilding revenue is recognised over the period of the contract by reference to the progress towards complete satisfaction of the performance obligation. The measure of progress is determined based on percentage of completion ("POC"), which is measured by reference to the proportion of costs incurred to the estimated total costs for the shipbuilding contract. In addition, the Group's provision for onerous contracts amounted to Nil, on shipbuilding contracts as at 31 December 2024. A provision for onerous contract is recognised when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits expected to be received under it. We focused on the recognition of shipbuilding revenue, including the estimation of total shipbuilding cost, and provision for onerous contracts because of the use of significant judgement in estimating inputs to determining the extent of satisfaction of the performance obligation, including contingencies that could arise from variation to original contract terms and claims.	Our audit procedures included the following: - evaluating the key controls and testing the operating effectiveness of those relating to: - the preparation of and revisions to the estimated total costs for shipbuilding contracts; and - the recording of actual costs incurred for these contracts; - based on our understanding of the components that make up the estimated total shipbuilding costs for each type of vessel, reviewing, on a sample basis, the appropriateness of the significant cost components against supporting documents; - assessing the reliability of management's estimates by comparing the estimated total shipbuilding costs with the actual costs for a sample of contracts completed during the year; - on a sample basis, agreeing material and subcontractor costs to the suppliers' invoices and approved payment vouchers, and also checking the allocation of overheads to each contract; - testing the accuracy of the contract value by agreeing to the agreed price and terms of the shipbuilding contracts including 5 (i)0.5 (n)0.5 (g)0.6 (a)0.5 (t)0.5 (b)0.5 (c)0.5 (d)0.5 (e)0.5 (f)0.5 (h)0.5 (i)0.5 (j)0.5 (k)0.5 (l)0.5 (m)0.5 (n)0.5 (o)0.5 (p)0.5 (q)0.5 (r)0.5 2. Land use rights (“LUR”) premium	
<i>Refer to Notes 3(c) and 25 of the financial statements</i> Included in property, plant and equipment at 31 December 2024 is aggregate RMB327.9 million of LUR premium, net of amortisation, paid for a petrochemical terminal and the storage and distribution site on adjacent land in the downstream Yangtze River region for the conversion into a terminal, storage and distribution facility for liquefied natural gas (“LNG”). The carrying amount of the cash-generating-unit (“CGU”) to which the LUR premium is attributed, is RMB588 million. The recoverable amount of the CGU to which the LUR premium is attributed, is determined based on value-in-use (“VIU”), measured using discounted cash flows projections. We focused on this area because of the critical assumptions applied on the significant estimates of the revenue cashflows (including the estimated price and volume of the LNG terminal businesses which comprise of terminal tolling services and supply of LNG), the conversion construction costs and the discount rate applied in determining the recoverable amount of the CGU. The significant assumptions and judgements are disclosed in Note 3(c) to the financial statements.	Our audit procedures included the following: a. signing obtaining evidence of government approval a.

Other Information (Continued)

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the Other Sections, if we conclude that there is a material misstatement therein, we are required to communicate the matter to the directors and take appropriate actions in accordance with SSAs.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1. GENERAL INFORMATION

Yangzijiang Shipbuilding (Holdings) Ltd. (the “Company”) is listed on the Singapore Exchange and incorporated and domiciled in Singapore. The address of its registered office was 9 Raffles Place, #26-01, Republic Plaza, Singapore 048619.

With effect from 15 January 2025, the address of its registered office was changed to 36 Robinson Road, #20-01 City House, Singapore 068877. The principal place of business remains at 9 Raffles Place, #54-01, Republic Plaza, Singapore 048619.

The principal activities of the Company are investment holding and agency service for shipbuilding and related activities. The principal activities of its subsidiaries are set out in Note 42.

2. MATERIAL ACCOUNTING POLICY INFORMATION

2.1 Basis of preparation

These financial statements have been prepared in accordance with the Singapore Financial Reporting Standards (International) (“SFRS(I)s”) under the historical cost convention, except as disclosed in the accounting policies below.

The preparation of financial statements in conformity with SFRS(I)s requires management to exercise judgement in applying the Group’s accounting policies. It also requires the use of accounting estimates and assumptions. The preparation of financial statements in conformity with SFRS(I)s requires management to exercise judgement in applying the Group’s accounting policies. It also requires the use of accounting estimates and assumptions.

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

2.2 Revenue recognition

(a) Shipbuilding revenue

The Group enters into contracts with customers to construct vessels. At contract inception, the Group assesses whether the Group transfers control of the vessels over time or at a point in time by determining if (a) its performance does not create an asset with an alternative use to the Group; and (b) the Group has an enforceable right to payment for performance completed to date.

Management has considered that the vessels have no alternative use for the Group due to contractual restriction on the Group from readily re-directing the vessels to other customers during the construction

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

2.2 Revenue recognition (Continued)

(b) Revenue from sale of completed vessels and steel parts

Sale of completed vessels

The Group also enters into contracts to sell completed vessels. For such a contract, revenue is recognised when control of the vessel is transferred to its customer, being when the vessel is collected by the customer, the customer has full discretion over the usage of the vessel and there is no unfulfilled obligation that could affect the customer's acceptance of the vessel.

Collection occurs when the physical possession of the vessels has been transferred to the customers, and either the customers have accepted the vessels in accordance with the sales contract, the acceptance provisions have lapsed, or the Group has objective evidence that all criteria for acceptance have been satisfied.

Sale of steel parts

Revenue from sale of steel parts is recognised when the control of the goods has transferred to its customers, being when the goods are delivered to the customer and there is no unfulfilled obligation that could affect the customer's acceptance of the goods.

(c) Revenue from sale of goods – material and others

The Group enters into contracts with customers to supply goods (including metal products). Revenue is recognised when control of the goods has transferred, being when the goods are delivered to the customer and there is no unfulfilled obligation that could affect the customer's acceptance of the goods. Delivery occurs when the goods have been shipped to the specific location, the risks of obsolescence and loss have been transferred to the customer, and either the customer has accepted the goods in accordance with the sales contract, the acceptance provisions have lapsed, or the Group has objective evidence that all criteria for acceptance have been satisfied.

Revenue is measured at the price specified in the contract. Prepayments received from customers are accounted for as contract liabilities (deferred revenue) prior to the delivery of goods.

The Group assesses its role as an agent or principal for each transaction and in a transaction where the Group acts as an agent, revenue would exclude amounts collected on behalf of the principal.

(d) Rendering of services

Ship design

The Group renders ship design services and revenue is recognised when such services are rendered.

Rental income

Revenue includes rental income and service charges.

Rental income from operating leases is recognised on a straight-line basis over the lease term.

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

2.2 Revenue recognition (Continued)

(d) *Rendering of services* (Continued)

Rental income (Continued)

Revenue from service charges is recognised in the accounting period in which control of the services are passed to the customer, which is when the service is rendered.

(e) *Charter income*

Income from time charter, which is of operating leases in nature, is recognised on a straight-line basis over the period of the charter.

(f) *Interest income*

Interest income, including income arising from finance leases and other financial instruments, is recognised using the effective interest method.

(g) *Dividend income*

Dividend income is recognised when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Group, and the amount of the dividend can be reliably measured.

2.3 Group accounting

(a) *Subsidiaries*

(i) *Consolidation*

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date on which that control ceases.

In preparing the consolidated financial statements, transactions, balances and unrealised gains on transactions between group entities are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment indicator of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests comprise the portion of a subsidiary's net results of operations and its net assets, which is attributable to the interests that are not owned directly or indirectly by the equity holders of the Company. They are shown separately in the consolidated statement of comprehensive income, statement of changes in equity, and balance sheet. Total comprehensive income is attributed to the non-controlling interests based on their respective interests in a subsidiary, even if this results in the non-controlling interests having a deficit balance.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

2.3 Group accounting (Continued)

(a) *Subsidiaries* (Continued)

(ii) *Acquisitions*

The acquisition method of accounting is used to account for business combinations entered into by the Group.

The consideration transferred for the acquisition of a subsidiary or business comprises the fair value of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred also includes any contingent consideration arrangement and any pre-existing equity interest in the subsidiary measured at their fair values at the acquisition date.

Acquisition-related costs are expensed as incurred.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date.

On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree at the date of acquisition either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

The excess of (a) the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the (b) fair value of the identifiable net assets acquired is recorded as goodwill. Please refer to the paragraph "Intangible assets – Goodwill" for the subsequent accounting policy on goodwill.

If those amounts are less than the fair value of the identifiable net assets of the subsidiary acquired and the measurement of all amounts has been reviewed, the difference is recognised directly in profit or loss as a gain from bargain purchase.

Before recognising a gain on a bargain purchase, management shall reassess whether it has correctly identified all of the assets acquired and all of the liabilities assumed and shall recognise any additional assets or liabilities that are identified in that review. The objective is to ensure that measurements appropriately reflect consideration of all available information as of the acquisition date.

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

2.3 Group accounting (Continued)

(a) *Subsidiaries (Continued)*

(iii) *Disposals*

When a change in the Group's ownership interest in a subsidiary results in a loss of control over the subsidiary, the assets and liabilities of the subsidiary including any goodwill are derecognised. Amounts previously recognised in other comprehensive income in respect of that entity are also reclassified to profit or loss or transferred directly to retained earnings if required by a specific SFRS(I).

Any retained equity interest in the entity is remeasured at fair value. The difference between the carrying amount of the retained interest at the date when control is lost and its fair value is recognised in profit or loss.

Please refer to the paragraph "Investments in subsidiaries, associated companies and joint ventures" for the accounting policy on investments in subsidiaries in the separate financial statements of the Company.

(b) *Transactions with non-controlling interests*

Changes in the Group's ownership interest in a subsidiary that do not result in a loss of control over the subsidiary are accounted for as transactions with equity owners of the Company. Any difference between the change in the carrying amounts of the non-controlling interest and the fair value of the consideration paid or received is recognised within equity attributable to the equity holders of the Company.

(c) *Associated companies and joint ventures*

Associated companies are entities over which the Group has significant influence, but not control, generally accompanied by a shareholding giving rise to voting rights of 20% and above.

Joint ventures are entities over which the Group has joint control as a result of contractual arrangements, and rights to the net assets of the entities.

Investments in associated companies and joint ventures are accounted for in the consolidated financial statements using the equity method of accounting less impairment losses, if any.

(i) *Acquisitions*

Investments in associated companies and joint ventures are initially recognised at cost. The cost of an acquisition is measured at the fair value of the assets given, equity instruments issued or liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the acquisition. Goodwill on associated companies and joint ventures represents the excess of the cost of acquisition of the associated companies or joint ventures over the Group's share of the fair value of the identifiable net assets of the associated companies or joint ventures and is included in the carrying amount of the investments.

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

2.3 Group accounting (Continued)

(c) Associated companies and joint ventures (Continued)

(ii) Equity method of accounting

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise Group's share of its associated companies' or joint ventures' post-acquisition profits or losses of the investee in profit or loss and its share of movements in other comprehensive income of the investee's other comprehensive income. Dividends received or receivable from the associated companies or joint ventures are recognised as a reduction of the carrying amount of the investments. When the Group's share of losses in an associated company or joint venture equals to or exceeds its interest in the associated company or joint venture, the Group does not recognise further losses, unless it has legal or constructive obligations to make, or has made, payments on behalf of the associated company or joint venture. If the associated company or joint venture subsequently reports profits, the Group resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised. Interest in an associated company or joint venture includes any long-term loans for which settlement is never planned nor likely to occur in the foreseeable future.

Unrealised gains on transactions between the Group and its associated companies or joint ventures are eliminated to the extent of the Group's interest in the associated companies or joint ventures. Unrealised losses are also eliminated unless the transactions provide evidence of impairment of the assets transferred. The accounting policies of associated companies or joint ventures are changed where necessary to ensure consistency with the accounting policies adopted by the Group.

(iii) Changes in ownership interest

An increase in the Group's ownership interest in existing associate or a joint venture, where the Group continues to have significant influence or joint controls, is accounted for using a cost accumulation approach. The cost of acquiring the additional stake, including any directly attributable costs, is added to the carrying amount of the associate or joint venture. The notional fair value for the additional stake is calculated using fair value information at the date when the additional interest is acquired. Remeasurement of the previously held interest is not required if there is no change in status of the investment.

If a Group's ownership interest in an associate or a joint venture is reduced, but the investment continues to be classified either as an associate or a joint venture respectively, only a

(d) Construction-in-progress

Construction-in-progress represents buildings, plant and machinery under construction or pending installation and is stated at cost less accumulated impairment losses, if any. This includes cost of construction, plant and equipment and other directly attributable costs. No depreciation is made on construction-in-progress until such time as the relevant assets are completed and ready for intended use. When the assets concerned are brought into use, the costs are transferred to respective asset classes within property, plant and equipment and depreciated in accordance with the policy stated above.

(e) Subsequent expenditure

Subsequent expenditure relating to property, plant and equipment that has already been recognised is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repair and maintenance expenses are recognised in profit or loss when incurred.

(f) Disposal

On disposal of an item of property, plant and equipment, the difference between the disposal proceeds and its carrying amount is recognised in profit or loss within "other gains/(losses) – net".

2.5 Intangible assets

(a) Goodwill

Goodwill on acquisitions of subsidiaries and businesses, represents the excess of (i) the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over (ii) the fair value of the identifiable net assets acquired. Goodwill on subsidiaries is recognised separately as intangible assets and carried at cost less accumulated impairment losses.

Goodwill on acquisition of joint ventures and associated companies represents the excess of the cost of the acquisition over the Group's share of fair value of the identifiable net assets acquired. Goodwill on associated companies and joint ventures is included in the carrying amount of the investments.

Gains and losses on the disposal of subsidiaries, joint ventures and associated companies include the carrying amount of goodwill relating to the entity sold.

(b) Acquired computer software licenses

Acquired computer software licenses are initially capitalised at cost which includes the purchase price

2.10 Financial assets (Continued)

(a) *Classification and measurement* (Continued)

At subsequent measurement

(i) *Debt instruments*

Debt instruments mainly comprise of cash and cash equivalents and trade and other receivables.

Debt instruments that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt instrument that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in interest income using the effective interest rate method.

(ii) *Equity investments*

The Group subsequently measures all its equity investments at their fair values. Equity investments are classified as FVPL with movements in their fair values recognised in profit or loss in the period in which the changes arise and presented in “other gains/(losses) – net”. Dividends from equity investments are recognised in profit or loss as “dividend income”.

(b) *Impairment*

The Group assesses on a forward-looking basis the expected credit losses associated with its debt financial assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 36 details how the Group determines whether there has been a significant increase in credit risk.

For cash and cash equivalents, loan to subsidiaries and other receivables, the general 3 stage approach is applied. Credit loss allowance is based on 12-month expected credit loss if there is no significant increase in credit risk since initial recognition of the assets. If there is significant increase in credit risk since initial recognition, lifetime expected credit loss will be calculated and recognised.

For trade receivables, lease receivables and contract assets, the Group applies the simplified approach permitted by the SFRS(I) 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Debt financial assets carried at amortised cost are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Group. Where debt financial assets carried at amortised cost are written off, the company continues to engage in enforcement activity to attempt to recover the receivables due. Where recoveries are made, these are recognised in profit or loss.

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

2.10 Financial assets (Continued)

(c) *Recognition and derecognition*

Regular way purchases and sales of financial assets are recognised on trade date – the date on which the Group commits to purchase or sell the asset.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership.

On disposal of a debt instrument, the difference between the carrying amount and the sale proceeds is recognised in profit or loss.

On disposal of an equity investment, the difference between the carrying amount and sales proceed is recognised in profit or loss.

2.11 Derivative financial instruments

A derivative financial instrument is initially recognised at fair value on the date the contract is entered into and is subsequently carried at its fair value. The method of recognising the resulting gain or loss depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged. The Group designates its hedge as cash flow hedge.

Fair value changes on derivatives that are not designated or do not qualify for hedge accounting are recognised in profit or loss when the changes arise.

The Group documents at the inception of the transaction the relationship between the hedging instruments and hedged items, as well as its risk management objective and strategies for undertaking various hedging transactions. The Group also documents its assessment, both at hedge inception and on an ongoing basis on whether the hedging relationship meets the hedge effectiveness requirements under SFRS(I) 9.

The fair values of various derivative financial instruments used for hedging purposes are disclosed in Note 14. The carrying amount of a derivative designated as a hedge is presented as a non-current asset or liability if the remaining expected life of the hedged item is more than 12 months, and as a current asset or liability if the remaining expected life of the hedged item is less than 12 months. The fair value of a trading derivative is presented as a current asset or liability.

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

2.11 Derivative financial instruments (Continued)

The following hedge in place qualified as cash flow hedges under SFRS(I) 9.

Cash flow hedge

- *Currency forwards*

The Group has entered into currency forwards that qualify as cash flow hedges against highly probable forecasted transactions in foreign currencies. The fair value changes on the effective portion of the currency forwards designated as cash flow hedges are recognised in other comprehensive income. Amounts accumulated in equity are reclassified to profit and loss when the hedged transaction affects profit and loss.

The fair value changes on the ineffective portion of currency forwards are recognised immediately in profit or loss. When a forecasted transaction is no longer expected to occur, the gains and losses that were previously recognised in other comprehensive income are reclassified to profit or loss immediately.

2.12 Offsetting of financial instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

2.13 Financial guarantees

The Company has issued corporate guarantees to customers of its joint venture and subsidiaries. These guarantees are financial guarantees as they require the Company to reimburse the customers of its joint venture and subsidiaries if the joint venture or the subsidiaries fail to fulfil the obligations in accordance with the terms of their shipbuilding contracts.

Financial guarantee contracts are initially measured at fair value plus transaction costs and subsequently measured at the higher of:

- (a) premium received on initial recognition less the cumulative amount of income recognised in profit or loss up to the amount of the premium received
- (b) the carrying amount of the financial liability

2.14 Borrowings

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

2.15 Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. They are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). Otherwise, they are presented as non-current liabilities.

Trade and other payables are initially recognised at fair value, and subsequently carried at amortised cost using the effective interest method.

2.16 Leases

(a) When the Group is the lessee:

At the inception of the contract, the Group assesses if the contract contains a lease. A contract contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Reassessment is only required when the terms and conditions of the contract are changed.

- *Right-of-use assets*

The Group recognises a right-of-use asset and lease liability at the date which the underlying asset is available for use. Right-of-use assets are measured at cost which comprises the initial measurement of lease liabilities adjusted for any lease payments made at or before the commencement date and lease incentive received. Any initial direct costs that would not have been incurred if the lease had not been obtained are added to the carrying amount of the right-of-use assets.

These right-of-use assets are subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term.

Right-of-use assets are presented within "Property, plant and equipment".

- *Lease liabilities*

The initial measurement of lease liability is measured at the present value of the lease payments discounted using the implicit rate in the lease, if the rate can be readily determined. If that rate cannot be readily determined, the Group shall use its incremental borrowing rate.

Lease payments include the following:

- Fixed payments (including in-substance fixed payments), less any lease incentives receivable;
- Variable lease payments that are based on an index or rate, initially measured using the index or rate as at the commencement date;
- Amounts expected to be payable under residual value guarantees;

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

2.16 Leases (Continued)

(a) When the Group is the lessee: (Continued)

- *Lease liabilities* (Continued)
 - The exercise price of a purchase option if is reasonably certain to exercise the option; and
 - Payment of penalties for terminating the lease, if the lease term reflects the Group exercising that option.

For a contract that contain both lease and non-lease components, the Group allocates the consideration to each lease component on the basis of the relative stand-alone prices of the lease and non-lease components. The Group has elected to not separate lease and non-lease components for property leases and account these as one single lease component.

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

2.16 Leases (Continued)

- (b) When the Group is the lessor:

The Group leases vessels under finance leases and operating leases to non-related parties.

- *Lessor – Finance leases*

Leases where the Group has transferred substantially all risks and rewards incidental to ownership of the leased assets to the lessees, are classified as finance leases.

The leased asset is derecognised and the present value of the lease receivable is recognised on the balance sheet and included in “trade and other receivables”. The difference between the gross receivable and the present value of the lease receivable is recognised as unearned finance income.

Each lease payment received is applied against the gross investment in the finance lease receivable to reduce both the principal and the unearned finance income. The finance income is recognised in profit or loss on a basis that reflects a constant periodic rate of return on the net investment in the finance lease receivable.

Initial direct costs incurred by the Group in negotiating and arranging finance leases are added to finance lease receivables and reduce the amount of income recognised over the lease term.

- *Lessor – Operating leases*

Leases where the Group retains substantially all risks and rewards incidental to ownership are classified as operating leases. Rental income from operating leases (net of any incentives given to the lessees) is recognised in profit or loss on a straight-line basis over the lease term.

Initial direct costs incurred by the Group in negotiating and arranging operating leases are added to the carrying amount of the leased assets and recognised as an expense in profit or loss over the lease term on the same basis as the lease income.

Contingent rents are recognised as income in profit or loss when earned.

2.17 Inventories

Inventories are carried at the lower of cost and net realisable value. Cost is determined using the weighted average method. The cost of work-in-progress and development properties comprise raw materials, direct labour, other direct costs and related production overheads (based on normal operating capacity). Net realisable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and applicable variable selling expenses. Raw materials used in the construction contracts are not written down to net realisable value if the overall construction contract is expected to be profitable.

2.21 Currency translation (Continued)

(b) *Transactions and balances (Continued)*

When a foreign operation is disposed of or any loan forming part of the net investment of the foreign operation is repaid, a proportionate share of the accumulated currency translation differences is reclassified to profit or loss, as part of the gain or loss on disposal.

Foreign exchange gains and losses that relate to borrowings are presented in the income statement within "finance expenses". All other foreign exchange gains and losses impacting profit or loss are presented in the income statement within "other gains/(losses) – net".

Non-monetary items measured at fair values in foreign currencies are translated using the exchange rates at the date when the fair value is determined.

(c) *Translation of Group entities' financial statements*

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (i) assets and liabilities are translated at the closing exchange rates at the reporting date;
- (ii) income and expenses are translated at average exchange rates (unless the average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated using the exchange rates at the dates of the transactions); and
- (iii) all resulting currency translation differences are recognised in other comprehensive income and accumulated in the currency translation reserve. These currency translation differences are reclassified to profit or loss on disposal or partial disposal with loss of control of the foreign operation.

Goodwill and fair value adjustments arising on the acquisition of foreign operations are treated as assets and liabilities of the foreign operations and translated at the closing rates at the reporting date.

2.22 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the management team who are responsible for allocating resources and assessing performance of the operating segments.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024

3. CRITICAL ACCOUNTING ESTIMATES, ASSUMPTIONS AND JUDGEMENTS

Estimates, assumptions and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

(a) *Estimation of total contract costs*

The Group has significant ongoing contracts to construct vessels. For these contracts, revenue is recognised over time by reference to the Group's progress towards completing the construction of the vessels. The measure of progress is determined based on the proportion of contract costs incurred to date to the estimated total contract costs ("input method").

Management has to estimate the total contract costs to complete, which are used in the input method to determine the Group's recognition of shipbuilding revenue. When it is probable that the total contract costs will exceed the total shipbuilding revenue, a provision for onerous contracts is recognised immediately.

Significant judgement is used to estimate these total contract costs to complete. In making these estimates, management has used their accumulative knowledge of the industry, market conditions, and its customers, corroborated with the experience gained from the most recent deliveries.

As at 31 December 2024, RMB5,843,093,000 (2023: RMB7,076,911,000) of the Group's contract assets is subject to the estimation of progress towards completion using the input method. If the total contract cost of on-going contracts to be incurred had been higher by 5% (2023: 5%) from management's estimates, the Group's revenue and contract assets would have been lower by RMB540,343,000 (2023: RMB616,483,000). If the total contract cost of on-going contracts to be incurred had been lower by 5% (2023: 5%) from management's estimates, the Group's revenue and contract assets would have been higher by RMB597,222,000 (2023: RMB672,184,000). If the total contract costs of on-going contracts to be incurred had been higher by 5% (2023: 5%) from management's estimates, additional provision for onerous contracts of Nil (2023: RMB1,476,000) would have been recognised.

(b) *Impairment of trade receivables and contract assets*

As at 31 December 2024, the Group's trade receivables and contract assets amounted to RMB247,792,000 (2023: RMB837,273,000) (Note 17) and RMB5,843,093,000 (2023: RMB7,076,011,000) [Note 4(b)] respectively, arising from the Group's different revenue segments – shipbuilding, shipping and others.

Based on the Group's historical credit loss experience, trade receivables exhibited significantly different loss patterns for each revenue segment. Accordingly, management has adopted different approaches in measuring expected credit loss across revenue segment.

No loss allowance for trade receivables was recognised as at 31 December 2024 and 31 December 2023.

The Group's and the Company's credit risk exposure for trade receivables and contract assets and significant estimation in measuring expected credit loss allowance by different revenue segment are set out in Note 36(b).

Contributions to defined contribution plans

The employees of the Group who are employed in the PRC participate in a defined contribution plan administered by the relevant provincial government. For the financial year ended 31 December 2024, the Group is required to make monthly defined contribution to these plans at approximately 36% to 37% (2023: approximately 34% to 39%) of eligible employees' monthly salaries and wages as stipulated by local rules and regulations. The employees of the Group who are employed in Singapore participate in a defined contribution plan administered by the Central Provident Fund on a mandatory, contractual or voluntary basis. The Group has no further payment obligations once the contributions have been paid.

The Group's contributions are recognised as employee compensation expense when they are due and incurred.

Share appreciation rights

The Group granted share appreciation rights to employees as part of their remuneration package during the year. The employees will be entitled to a future cash payment, based on the difference between the subscription price of the phantom shares (not actual shares issued by the Company) and market price of the publicly traded shares at point of withdrawal, following their annual subscription on 1 July each year. The Group measures the services acquired and the liability incurred at the fair value of the liability as the employees render service. Until the liability is settled, the Group remeasures the fair value of the liability at the end of each reporting period and at the date of settlement, with any changes in fair value recognised in profit or loss for the period.

The Group has no other obligations for the payment of retirement and other post-retirement benefits of employees or retirees other than the payments disclosed in this note.

- (c) OECD Pillar Two model rules

The Group is within the scope of the OECD Pillar Two model rules. Pillar Two legislation was enacted in Singapore, the jurisdiction in which the Company is incorporated, and has come into effect from 1 January 2025. Since Pillar Two legislation was not effective at the reporting date, the Group has no related current tax exposure. The Group applies the exception to recognising and disclosing information about deferred tax assets and liabilities related to Pillar Two income taxes.

Under the legislation, the Group is liable to pay a top-up tax for the difference between the GloBE effective tax rate for each jurisdiction and the 15% minimum rate.

The Group is in the process of assessing its exposure to the Pillar Two legislation for when it comes into effect. Management does not expect the application of Pillar Two legislation to have material impact on the going concern of the Group and the Company, or on the Group's annual effective tax rate.

11. EARNINGS PER SHARE

Basic earnings per share is calculated by dividing the net profit attributable to equity holders of the Company by the weighted average number of ordinary shares outstanding during the financial year.

	The Group Total

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024

25. PROPERTY, PLANT AND EQUIPMENT (CONTINUED)

- (a) Bank borrowings are secured on certain land use rights of the Group with carrying amounts of Nil (2023: RMB20,128,000) and buildings of the Group with carrying amounts of Nil (2023: RMB33,911,000).
- (b) The Group's interest in land use rights in the PRC is held on leases with periods ranging from 35 years to 70 years (2023: 35 years to 50 years).

As at 31 December 2024, included in Leasehold prepayments – land use rights is aggregate RMB327.9 (2023: RMB365.1) million of LUR premium, net of amortisation, paid for a petrochemical terminal and the storage and distribution site on adjacent land in the downstream Yangtze River region. The Group's plan was to convert the combined sites into a terminal, storage and distribution facility for liquified natural gas ("LNG"). The Group has obtained the relevant government approvals for the conversion of the terminal in 2024. Significant judgements are required in determining the recoverable amount of the LUR premium (Note 3(c)).

The recoverable amount of the CGU to which the LUR premium is attributed, is determined based on value-in-use ("VIU") (2023: fair value less costs to sell ("FVLCTS")) model, measured using discounted cash flows projections. Cash flow projections used in the VIU calculation were based on projected cash flows approved by management covering a twenty-nine-year period and applying a post-tax discount rate of 10% per annum (pre-tax discount rate of 12.5% per annum). The discount rate applied to the cash flow projections reflects management's estimate of the assumption that market participants would use when pricing the asset. The recoverable amount of the CGU to which the LUR premium is attributed was determined to be higher than its carrying amount. This is a Level 3 fair value measurement.

Included within additions in the 2023's consolidated financial statements are machinery and equipment acquired amounting to RMB4,366,000 paid in 2024.

See Note 3(c) for the sensitivity analyses of the VIU model.

The Group leases out vessels under finance leases and operating leases to non-related parties. Leases where the Group transferred substantially all risks and rewards incidental to ownership of the vessels to the lessees are classified as finance leases.

26. LEASES (CONTINUED)

Nature of the Group's leasing activities – The Group as a lessor (Continued)

The maturity analysis of lease payments for the finance leases is disclosed in Note 20. The credit risk of the finance lease receivables is disclosed in Note 36(b)(iii).

The Group leases out their owned investment property to third parties for monthly lease payments. These leases are classified as operating lease because the risk and rewards incidental to ownership of the assets are not substantially transferred. Rental income from this investment property is disclosed in Note 24.

Maturity analysis of operating lease payments – Group as a lessor

The table below discloses the undiscounted lease payments to be received by the Group for its leases after the reporting date as follows:

30. PROVISIONS (CONTINUED)

In 2023, a provision made for claims arising from a vessel accident in India. The Group entered into an arbitration with the claimant in 2023 and agreed to provide bank guarantee of approximately RMB12,748,000 (Indian Rupee 15 crores) in order to release the vessel. Subsequent to the release in 2024, the vessel has been sold to a third party.

In 2024, a provision was recognised for RMB10,082,000 based on the arbitration award against the Group for legal fees payable in PRC.

31. DEFERRED INCOME TAX

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current income tax assets against current income tax liabilities and when the deferred income taxes relate to the same taxation authority.

The amounts, determined after appropriate offsetting, are shown on the balance sheet as follows:

(c) Currency translation reserve

Currency translation reserve represents the currency translation differences resulting from the translation of the Group entities' financial statements that have a functional currency different from the Group's presentation currency.

(d) Other reserve

Other reserve represents capital investments and distributions relating to equity transactions with non-controlling shareholders and gain on re-issue of treasury shares.

The movement in other reserve during 2024 relates to the difference between the non-controlling interests of RMB116,880,000 at the date of acquisition and the consideration paid to the non-controlling shareholder to acquire the Group's remaining 19% equity interest in Yangzijiang Realty Pte. Ltd. The consideration paid for this acquisition was RMB139,539,000.

The movement in other reserve during 2023 relates to the difference between the cumulative losses attributable to the non-controlling interest of RMB0.3 million at the date of acquisition and the consideration paid to the non-controlling shareholder to acquire the Group's remaining 49% equity interest in Shanghai Econovo Marine Engineering Co., Ltd. The consideration paid for this acquisition was Nil.

36. FINANCIAL RISK MANAGEMENT

Financial risk factors

The Group's activities expose it to market risk (including currency risk, interest rate risk and price risk), credit risk and liquidity risk. The Group's overall risk management strategy seeks to minimise any adverse effects from the unpredictability of financial markets on the Group's financial performance. The Group uses financial instruments such as forwards to manage or hedge certain financial risk exposures.

The management is responsible for setting the objectives and underlying principles of financial risk management for the Group, including establishing operating guidelines governing the activities of the Group, such as risk identification and measurement, risk management, oversight responsibilities, authority levels and exposure limits.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024

36. FINANCIAL RISK MANAGEMENT (CONTINUED)

(a) Market risk

(i) *Currency risk*

The Group has shipbuilding contracts with customers around the world and is exposed to currency risk mainly arising from USD. The Group manages this risk by entering into currency forwards for these highly probable forecast transactions denominated in USD.

The Group applied hedge accounting on currency forwards which met all qualifying criteria for hedge accounting. The objective of the cash flow hedge accounting is to fairly present the management of volatility arising from the Group's foreign currency exposure from shipbuilding contracts denominated in USD. Hedge effectiveness is determined at the inception of the hedging relationship, and through periodic prospective effective assessments to ensure that an economic relationship exists between the hedged item and hedged instrument.

The Group does not hedge 100% of the contract value of individual shipbuilding contracts and therefore, the hedged item is identified as a proportion of individual shipbuilding contract. The Group enters into currency forwards as disclosed in Note 14 with the same critical terms as the hedged item, such as currency pair, timing and notional amount. When all critical terms matched during the year, the economic relationship was assessed as 100% effective.

As the Group enters into hedge relationships where the critical terms of the hedging instrument match with the terms of the hedged item, a qualitative assessment of effectiveness is performed. If changes in circumstances affect the terms of the hedged item such that the critical terms no longer match with that of the hedging instrument, the Group assesses if an economic relationship continues to exist between the hedged item and instrument and computes hedge effectiveness, as appropriate. Hedge ineffectiveness may occur due to changes in critical terms such as difference in timing between the maturity period of the currency forward and the timing of USD receipts under the shipbuilding contracts.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024

36. FINANCIAL RISK MANAGEMENT (CONTINUED)**(a) Market risk (Continued)****(i) Currency risk (Continued)**

If the USD, EUR and SGD change against the RMB by 10% (2023: 10%) with all other variables including tax rate being held constant, the effects arising from the net financial assets excluding equity instruments that are exposed to currency risk will be as follows:

	Increase/(decrease)	
	Profit after tax	
	2024	2023
	RMB'000	RMB'000
<u>The Group</u>		
USD against RMB:		
– strengthened	1,278,512	481,053

SGD against RMB:		
– strengthened	137,275	145,428
– weakened	(137,275)	(145,428)

(ii) Cash flow and fair value interest rate risk

Cash flow interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Fair value interest rate risk is that the fair value of a financial instrument will fluctuate due to changes in market interest rates.

The Group's interest rate risks arise primarily from its cash and cash equivalents, restricted cash and borrowings from financial institutions. The Group's policy is to minimise exposure to variable interest rates of interest-bearing assets.

The Group's exposure to cash flow interest rate risk on borrowings at variable rates is immaterial.

36. FINANCIAL RISK MANAGEMENT (CONTINUED)

(a) Market risk (Continued)

(iii) Price risk

The Group is exposed to equity securities price risk arising from the investments held by the Group which are classified as financial assets, at FVPL. To manage its price risk arising from these investments, the Group ensures that the investments are within authorised mandate based on its approved financial risk management and operating guidelines.

If prices for equity securities in PRC had increased/decreased by 10% (2023: 10%) with all other variables including tax rate being held constant, the net of tax effects on profit after tax ("PAT") would have been:

	Increase/(decrease)	
	2024	2023
	PAT	PAT
	RMB'000	RMB'000
The Group		
Increased by	1,374	3,420
Decreased by	(1,374)	(3,420)

(b) Credit risk

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in financial loss to the Group.

Except as disclosed below, the maximum exposure to credit risk for those financial assets which the Group and the Company do not hold collaterals is the carrying amount of that class of financial instruments presented on the balance sheet.

The Group's and the Company's credit risk exposure in relation to financial assets at amortised cost and contract assets under SFRS(I) 9 as at 31 December 2024 are set out in the as follows:

(i) Cash and cash equivalents and restricted cash

Cash and cash equivalents and restricted cash are considered to have low credit risk as the Group and the Company adopt the policy of dealing only with major banks or financial institutions of high credit standing throughout the world.

(b) Credit risk (Continued)

(ii) *Trade receivables and contract assets related to shipbuilding activities*

In 2024, credit risk exposure relating to shipbuilding activities is RMB5,872,705,000 (2023: RMB7,730,462,000), which comprises of RMB29,612,000 (2023: RMB653,551,000) included in trade and other receivables and contract assets of RMB5,843,093,000 (2023: RMB7,076,911,000).

The Group adopts the policy of dealing with customers with appropriate credit history, including obtaining letters of credit from customers' banks or the customer's parent entities. In addition, the Group has contractual safeguards in place to minimise credit risk. The Group has the right over collateral (vessels) in the event of default in scheduled payment by customers.

The Group measures the lifetime expected credit loss allowance for trade receivables and contract assets related to shipbuilding activities. These are assessed on a customer-by-customer basis.

Credit risk of each customer is evaluated periodically with due consideration on historical loss rate, past payment patterns, compliance with milestone payments during the contract period and any publicly available information on the customer.

Trade receivables and contract assets as at balance sheet date are assessed to be subject to immaterial credit losses due to the Group's progressive collection on the scheduled payments over the construction period. The remaining credit risk exposure will be covered by the collateral in the event of default in scheduled payment by customer.

(iii) *Finance lease receivables, other receivables and other financial assets*

Finance lease receivables of RMB1,179,885,000 (2023: RMB1,418,923,000) are subject to immaterial credit loss as the Group entered into lease arrangements of vessels with counterparties of appropriate credit history. The Group also has contractual safeguards in place to minimise credit risk where the Group has the right over collateral (vessels) in the event of default in scheduled payment by lessees.

Other receivables and other financial assets are due substantially from counterparties with a good collection track record with the Group and/or financial capacity to meet the contractual obligations and subject to immaterial credit losses.

* For the performing and under-performing debt investments, the change in the loss allowance is due to change in the probability of default used or estimated loss given default to calculate the expected credit losses.

For the non-performing debt investments, the change in the loss allowance is due to change in the estimated loss given default to calculate the lifetime expected credit loss.

(v) *Loans to subsidiaries and other receivables due from subsidiaries*

The Company has assessed that its subsidiaries have strong financial capacity to meet the contractual obligation of RMB12,461,915,000 (2023: RMB11,656,139,000) and considered to have low credit risk. The loans and other receivables are measured on 12-month expected credit losses and subject to immaterial credit loss.

(b) Credit risk (Continued)

(vi) *Financial guarantees*

As at balance sheet date, the Company has issued refund guarantees to customers of a joint venture and subsidiaries. These guarantees are subject to the impairment requirement of SFRS(I) 9. The Company has assessed that its joint venture and subsidiaries have strong financial capability to meet the contractual cash flow obligations in the near future and hence, does not expect significant credit losses arising from these guarantees. The amount of these guarantees issued by the Company is as follows:

	The Company

(c) Liquidity risk

In the management of liquidity risk, the Group monitors and maintains a level of cash and cash equivalents and marketable securities to enable them to meet their normal operating commitments.

The table below analyses the maturity profile of the Group's and Company's non-derivative financial liabilities into relevant maturity groupings on the remaining period from the balance sheet date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

(d) Capital risk management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern and maintain an optimal capital structure so as to maximise shareholder value. In order to maintain or achieve an optimal capital structure, the Group may adjust the amount of dividend payment, return capital to shareholders, issue new shares, buy back issued shares, obtain new borrowings or sell assets to reduce borrowings. The Group monitors capital on the basis of the total liabilities to total assets ratio.

The Group's strategy is to maintain a stable total liabilities to total assets ratio. The ratios at balance sheet date were as follows:

	The Group	
	2024	2023
	RMB'000	RMB'000
Total liabilities	28,179,196	19,721,377
Total assets	54,556,325	40,864,327

40. NEW OR REVISED ACCOUNTING STANDARDS AND INTERPRETATIONS

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024

40. NEW OR REVISED ACCOUNTING STANDARDS AND INTERPRETATIONS (CONTINUED)

SFRS(I) 18 – Presentation and Disclosure in Financial Statements (effective for annual reporting periods beginning on or after 1 January 2027) (Continued)

- The Group does not expect there to be a significant change in the information that is currently disclosed in the notes because the requirement to disclose material information remains unchanged; however, the way in which the information is grouped might change as a result of the aggregation/disaggregation principles. In addition, there will be significant new disclosures required for:
 - management-defined performance measures;
 - a break-down of the nature of expenses for line items presented by function in the operating category of the statement of profit or loss – this break-down is only required for certain nature expenses; and
 - for the first annual period of application of SFRS(I) 18, a reconciliation for each line item in the statement of profit or loss between the restated amounts presented by applying SFRS(I) 18 and the amounts previously presented applying SFRS(I) 1-1.
- From a cash flow statement perspective, there will be changes to how interest received and interest paid are presented. Interest paid will be presented as financing cash flows and interest received as investing cash flows, which is a change from current presentation as part of operating cash flows.

The Group will apply the new standard from its mandatory effective date of 1 January 2027. Retrospective application is required, and so the comparative information for the financial year ending 31 December 2026 will be restated in accordance with SFRS(I) 18.

7. AUTHORITY TO ALLOT AND ISSUE SHARES

THAT pursuant to Section 161 of the Companies Act 1967 and the listing rules of the Singapore Exchange Securities Trading Limited ("**SGX-ST**"), authority be and is hereby given to the Directors of the Company to:

- (a)
 - (i) issue ordinary shares in the capital of the Company ("**Shares**") whether by way of rights, bonus or otherwise; and/or
 - (ii) make or grant offers, agreements or options (collectively, "**Instruments**") that might or would require Shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures or other instruments convertible into Shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may, in their absolute discretion, deem fit; and
- (b) issue Shares in pursuance of any Instruments made or granted by the Directors while such authority was in force (notwithstanding that such issue of Shares pursuant to the Instruments may occur after the expiration of the authority contained in this resolution),

provided that:

- (1) the aggregate number of the Shares to be issued pursuant to such authority (including the Shares to be issued in pursuance of Instruments made or granted pursuant to such authority), does not exceed 50% of the total number of issued Shares (as calculated in accordance with paragraph (2) below), and provided further that where shareholders of the Company are not given the opportunity to participate in the same on a pro-rata basis, then the Shares to be issued under such circumstances (including the Shares to be issued in pursuance of Instruments made or granted pursuant to such authority) shall not exceed 20% of the total number of issued Shares (as calculated in accordance with paragraph (2) below);
- (2) (subject to such manner of calculation as may be prescribed by the SGX-ST) for the purpose of

- (ii) off-market purchase(s) (if effected otherwise than on the SGX-ST) in accordance with any equal access scheme(s) as may be determined or formulated by the Directors of the Company as they consider fit, which scheme(s) shall satisfy all the conditions prescribed by the Companies Act 1967 ("**Off-Market Purchase**");

and otherwise in accordance with all other laws and regulations and rules of the SGX-ST as may for the time being be applicable, be and is hereby authorised and approved generally and unconditionally (the "**Share Purchase Mandate**"),

- (b) unless varied or revoked by the Company in general meeting, the authority conferred on the Directors of the Company pursuant to the Share Purchase Mandate may be exercised by the Directors of the Company at any time and from time to time during the period commencing from the date of the passing of this Resolution and expiring on the earlier of:

- (i) the date on which the next annual general meeting of the Company is held; or
- (ii) the date by which the next annual general meeting of the Company is required by law to be held; or
- (iii) the date on which the purchases or acquisitions of the Shares pursuant to Share Purchase Mandate are carried out to the full extent mandated.

- (c) in this Resolution:

"**Maximum Limit**" means that number of issued Ordinary Shares representing 10% of the total number of the issued Ordinary Shares as at the date of the passing of this Resolution (excluding the Ordinary Shares held in treasury and subsidiary holdings as at that date);

"**Maximum Price**", in relation to an Ordinary Share to be purchased or acquired, means the purchase price (excluding brokerage, commission, applicable goods and services tax and other related expenses) which shall not exceed:-

- (i) in the case of a Market Purchase, 105% of the Average Closing Price (as defined hereinafter); and
- (ii) in the case of an Off-Market Purchase, 120% of Average Closing Price (as defined hereinafter), pursuant to an equal access scheme;

"**Average Closing Price**" means the average of the closing market prices of a Share for the five (5) consecutive Market Days on which the Shares are transacted on the SGX-ST immediately preceding the date of Market Purchase by the Company or, as the case may be, the date of the making of the offer pursuant to the Off-Market Purchase, and deemed to be adjusted in accordance with the Listing Rules for any corporate action which occurs after the relevant five (5) Market Days;

"**date of the making of the offer**" means the date on which the Company announces its intention to make an offer for an Off-Market Purchase, stating therein the purchase price (which shall not be more than the Maximum Price for an Off-Market Purchase calculated on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase; and

- (d) the Directors of the Company and/or any of them be and are hereby authorised to complete and do all such acts and things (including executing such documents as may be required) as they and/or he may consider expedient or necessary to give effect to the transactions contemplated and/or authorised by this Resolution. *[See Explanatory Note (d)]* **(Resolution 8)**

4 April 2025

To: The Shareholders of Yangzijiang Shipbuilding (Holdings) Ltd.

Dear Sir/Madam

THE PROPOSED RENEWAL OF THE SHARE PURCHASE MANDATE

1. Introduction

- 1.1 Yangzijiang Shipbuilding (Holdings) Ltd. (the “**Company**”) proposes to seek the approval of shareholders of the Company (the “**Shareholders**”) at the Nineteenth Annual General Meeting of the Company (the “**19th AGM**”)

1.4 The Shareholders had at the extraordinary general meeting of the Company (“**EGM**”) held on 25 April 2008, approved the Share Purchase Mandate (the “**2008 Mandate**”) for the Directors to exercise all the powers of the Company to purchase or acquire up to 10% of the issued ordinary share capital of the Company (excluding treasury shares and subsidiary holdings) on the terms of that mandate. The Share Purchase Mandate was renewed at the 1(0)0.5 e 0.14 Tw [”)0.5.6 (e)0.5 (S)S 24eld on 25 April 2024 with such mandate taking effect until the

1.5

While the Share Purchase Mandate would authorise a purchase or acquisition of Shares up to the said 10% limit during the duration referred to in paragraph 3.2 below, Shareholders should note that the Share Purchase Mandate may not be exercised to the full extent authorised. Purchases or acquisitions of Shares pursuant to the Share Purchase Mandate would be made only as and when the Directors consider it to be in the best interests of the Company and in circumstances which they believe will not result in any material adverse effect to the financial position of the Company or the Group, or result in the Company being delisted from the SGX-ST. The Directors will use their best efforts to ensure that after a purchase or acquisition of Shares pursuant to the Share Purchase Mandate, the number of Shares remaining in the hands of the public will not fall to such a level as to cause market illiquidity or adversely affect the orderly trading and listing status of the Shares on the SGX-ST.

3. Authority and Limits on the Share Purchase Mandate

The authority and limitations placed on share purchases or acquisitions of Shares by the Company under the proposed Share Purchase Mandate, are similar in terms to those previously approved by Shareholders, and are summarised below:

3.1 Maximum Number of Shares

3.2 Duration of Authority

Purchases or acquisitions of Shares pursuant to the proposed Share Purchase Mandate may be made, at any

Pursuant to the Listing Manual, if the Company wishes to make an Off-Market Purchase in accordance with an equal access scheme, it will issue an offer document to all Shareholders containing at least the following information:

- (a) the terms and conditions of the offer;
- (b) the period and procedures for acceptances;
- (c) the reasons for the proposed purchase or acquisition of Shares;
- (d) the consequences, if any, of the purchases or acquisitions of Shares by the Company that will arise under the Singapore Code on Take-over and Mergers (the “**Take-over Code**”) or other applicable take-over rules;
- (e) whether the purchase or acquisition of Shares, if made, would have any effect on the listing of the Shares on the SGX-ST;
- (f) details of any purchase or acquisition of Shares made by the Company in the previous twelve (12) months (whether through Market P0.5 (r)56 (e)0.5 (t)0.5 Sriterroughher t50.5 (e)0.5 (d)0.5 (p)05 (d)0.5 over Cod (,)0.5 g

“date of the making of the offer” means the date on which the Company announces its intention to make an offer for an Off-Market Purchase, stating therein the purchase price (which shall not be more than the Maximum Price for an Off-Market Purchase calculated on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase.

“Market Day” means a day on which the SGX-ST is open for trading in securities.

3.5 Status of Purchased Shares

Under Section 76B of the Companies Act, Shares purchased or acquired by the Company are deemed cancelled immediately on purchase or acquisition (and all rights and privileges attached to the Share will expire on such cancellation) unless such Share is held by the Company as a treasury share. Accordingly, the total number of

3.6.3 Disposal and Cancellation

Where Shares are held as treasury shares, the Company may at any time but subject always to the Take-over Code:

- (a) sell the treasury shares for cash;
- (b) transfer the treasury shares for the purposes of or pursuant to an employees' share scheme;
- (c)

APPENDIX

The notification of such purchase or acquisition of Shares to the SGX-ST shall be in the form of Appendix 8.3.1 to the Listing Manual and shall comprise such details as the SGX-ST may prescribe, including, *inter alia*, details of the date of the purchase, the total number of Shares purchased, the number of Shares cancelled, the number of Shares held as treasury shares, the purchase price per Share or the highest and lowest prices paid for such Shares (as applicable), the total consideration (including stamp duties and clearing charges) paid or payable for the Shares, the number of Shares purchased as at the date of announcement (on a cumulative basis), the number of issued Shares excluding treasury shares and subsidiary holdings after the purchase, the number of treasury shares held after the purchase and the number of subsidiary holdings after the purchase.

The Company shall make arrangements with its stockbrokers to ensure that they provide the Company in a timely fashion the necessary information which will enable the Company to make the notifications to the SGX-ST.

5. Source of Funds

The Company may only apply funds for the purchase or acquisition of its Shares as provided in the Constitution and in accordance with the applicable laws in Singapore. The Company may not purchase its Shares for a consideration other than in cash or, in the case of a Market Purchase, for settlement otherwise than in accordance with the trading rules of the SGX-ST.

The Companies Act permits the Company to purchase or acquire its own Shares out of capital, as well as from its distributable profits, so long as the Company is solvent. Under the Companies Act, it is an offence for a director or chief executive officer of a company to approve or authorise the purchase or acquisition of shares, knowing that the company is not solvent.

For this purpose, pursuant to the Companies Act, a company is solvent:

- (a) if there is no ground on which the company could be found to be unable to pay its debts;
- (b) if:
 - (i) it is intended to commence winding up of the company within the period of twelve (12) months immediately after the date of the payment, the company will be able to pay its debts in full within the period of twelve (12) months after the date of commencement of the winding up; or
 - (ii) it is not intended so to commence winding up, the company will be able to pay its debts as they fall due during the period of twelve (12) months immediately after the date of the payment; and
- (c) if the value of the company's assets is not less than the value of its liabilities (including contingent liabilities) and will not, after the proposed purchase, acquisition, variation or release (as the case may be), become less than the value of its liabilities (including contingent liabilities).

Apart from using its internal sources of funds, the Company may obtain or incur borrowings to finance its purchase or acquisition of Shares.

6. Financial Effects

It is not possible for the Company to realistically calculate or quantify the financial impact of purchases or acquisitions of Shares that may be made pursuant to the Share Purchase Mandate as the resultant effect would depend on, *inter alia*, the aggregate number of Shares purchased or acquired, whether the purchase

APPENDIX

For illustrative purposes only and based on the assumptions set out in sub-paragraphs (a), (b) and (c) above and assuming that (i) the purchase or acquisition of Shares is financed solely by internal sources of funds; (ii) the Share Purchase Mandate had been effective on 31 December 2024; and (iii) the Company had on 31 December 2024 purchased or acquired 395,058,922 Shares, representing 10% of its total number of issued Shares at the Latest Practicable Date (excluding treasury shares and subsidiary holdings), the financial effects of the purchase or acquisition of 395,058,922 Shares by the Company pursuant to the Share Purchase Mandate:

- (1) by way of purchases made entirely out of capital and held as treasury shares; and
- (2) by way of purchases made entirely out of capital and cancelled,

7. Take-over Implications

Appendix 2 of the Take-over Code contains the Share Buyback Guidance Note applicable as at the Latest Practicable Date. The take-over implications arising from any purchase or acquisition by the Company of its Shares are set out below.

7.1 Obligation to make a Take-over Offer

If, as a result of any purchase or acquisition by the Company of its Shares, the proportionate interest in the voting capital of the Company of a Shareholder and person(s) acting in concert with him increases to 30% or more, or, if the Shareholder and person(s) acting in concert with him holds between 30% and 50% of the Company's voting capital, would increase by more than 1% in any six (6) months' period, such Shareholder or group of Shareholders acting in concert would be obliged to make a take-over offer for the Company under Rule 14 of the Take-over Code.

7.2 Persons Acting in Concert

Under the Take-over Code, persons acting in concert comprise individuals or companies who, pursuant to an agreement or understanding (whether formal or informal), co-operate, through the acquisition by any of them of shares in a company, to obtain or consolidate effective control of such company.

Unless the contrary is established, the following persons, *inter alia*, will be presumed to be acting in concert with each other:

- (a) a company with its parent company, subsidiaries, its fellow subsidiaries, any associated companies of the foregoing companies, any companies whose associated companies include any of the foregoing

- (g) partners; and
- (h) an individual, his close relatives, his related trusts, any person who is accustomed to act according to his instructions, companies controlled by any of the foregoing persons, and any person who has provided financial assistance (other than a bank in the ordinary course of business) to any of the foregoing persons and/or entities for the purchase of voting rights.

The circumstances under which the Shareholders (including the Directors) and persons acting in concert with them respectively will incur an obligation to make a take-over offer under Rule 14 of the Take-over Code after a purchase or acquisition of Shares by the Company are set out in Appendix 2 of the Takeover Code.

7.3 Effect of Rule 14 and Appendix 2 of the Take-over Code

In general terms, the effect of Rule 14 and Appendix 2 is that, unless exempted, Directors and persons acting in concert with them will incur an obligation to make a take-over offer for the Company under Rule 14 if, as a result of the Company purchasing or acquiring its Shares:

- (a) the voting rights of such Directors and their concert parties would increase to 30% or more; or
- (b) if the voting rights of such Directors and their concert parties fall between 30% and 50% of the Company's voting rights, the voting rights of such Directors and their concert parties would increase by more than 1% in any period of six (6) months.

In calculating the percentages of voting rights of such Directors and their concert parties, treasury shares and subsidiary holdings shall be excluded.

Under Appendix 2 of the Take-over Code, a Shareholder who is not acting in concert with the Directors will not be required to make a take-over offer under Rule 14 if, as a result of the Company purchasing or acquiring its Shares, the voting rights of such Shareholder in the Company would increase to 30% or more, or, if such Shareholder holds between 30% and 50% of the Company's voting rights, the voting rights of such Shareholder would increase by more than 1% in any period of six (6) months. Such Shareholder need not abstain from voting in respect of the Share Purchase Mandate Renewal Resolution.

Based solely on the interests of the Substantial Shareholders (as defined in Paragraph 8 below) as recorded in the Register of Substantial Shareholders as at the Latest Practicable Date, none of the Substantial Shareholders will become obliged to make a take-over offer for the Company under Rule 14 of the Take-over Code as a result of the purchase by the Company of the maximum limit of 10% of its issued Shares as at the Latest Practicable Date.

Shareholders who are in doubt as to their obligations, if any, to make a mandatory take-over offer under the Take-over Code as a result of any purchase or acquisition of Shares by the Company should consult

11. Directors' Recommendations

The Directors are of the opinion that the proposed renewal of the Share Purchase Mandate is in the best interest of the Company. Accordingly, the Directors recommend that Shareholders vote in favour of the Share Purchase Mandate Renewal Resolution as set out in the Notice of the 19th AGM.

12. Annual General Meeting

The 19th AGM, notice of which is set out on pages 157 to 162 of the Notice of 19th AGM attached to the Annual Report 2024 of the Company, will be held on Tuesday, 29 April 2025 at 3.00 p.m. at Big Picture Theatre, 168 Robinson Road, Level 9 Capital Tower, Singapore 068912 for the purpose of, *inter alia*, considering and, if thought fit, passing the Share Purchase Mandate Renewal Resolution as set out in the Notice of the 19th AGM.

13. Action To Be Taken By Shareholders

Shareholders' approval for the proposed renewal of the Share Purchase Mandate is sought at the AGM. The resolution relating to the proposed renewal of the Share Purchase Mandate is contained in the Notice of AGM as ordinary resolution 8.

If a Shareholder is unable to attend the AGM and wishes to appoint a proxy to attend and vote on its behalf, that Shareholder should complete, sign and return the Proxy Form attached to the Annual Report in accordance with the instructions printed thereon.

The completion and lodgement of a Proxy Form by a Shareholder does not preclude that Shareholder from attending and voting in person at the AGM if it so wishes.

14. Directors' Responsibility Statement

The Directors collectively and individually accept full responsibility for the accuracy of the information given in this Appendix and confirm after making all reasonable enquiries, that to the best of their knowledge and belief, this Appendix constitutes full and true disclosure of all material facts about the proposed renewal of Share Purchase Mandate, the Company and its subsidiaries, and the Directors are not aware of any facts the omission of which would make any statement in this Appendix misleading. Where information in the Appendix has been extracted from published or otherwise publicly available sources or obtained from a named source, the sole responsibility of the Directors has been to ensure that such information has been accurately and
